Vainglorious, boastful and irreverent, the Jackal Wolf has ever stood apart from his battle-brothers, passed from pack to pack by embittered Wolf Lords, renowned and reviled in equal measure. But as a new enemy invades the icy reaches of Fenris at the height of the Helwinter, Lukas finds himself facing a foe who might rival even his legendary cunning – the dark eldar corsair, Duke Sliscus. In the battle between wolf and serpent, who will emerge triumphant, and who will stain the snow red?

**Alpha and Omega** Harry Turtledove 2019-07-02 New York Times bestselling author Harry Turtledove reveals a new side of his potent imagination in a gripping speculative novel about the End of Days—and a discovery in the Middle East that turns the world upside down. What would happen if the ancient prophecy of the End of Days came true? It is certainly the last thing Eric Katz, a secular archaeologist from Los Angeles, expects during what should be a routine dig in Jerusalem. But perhaps higher forces have something else in mind when a sign presaging the rising of the Third Temple is located in America, a dirty bomb is detonated in downtown Tel Aviv, and events conspire to place a team of archaeologists in the tunnels deep under the Temple Mount. There, Eric is witness to a discovery of such monumental proportions that nothing will ever be the same again. Harry Turtledove is the master at portraying ordinary people

caught up in extraordinary events, and what is more extraordinary than the incontrovertible proof that there truly is a higher force controlling human destiny? But as to what that force desires . . . well, that is the question.

*Chaos Space Marines* Phil Kelly (Games developer) 2012

*The Wicked and the Damned* Josh Reynolds 2019-04-02 A chilling mosaic novel by masters of their craft. On a misty cemetery world, three strangers are drawn together through mysterious circumstances. Each of them has a tale to tell of a narrow escape from death. Amid the toll of funerary bells and the creep and click of mortuary-servitors, the truth is confessed. But whose story can be trusted? Whose recollection is warped, even unto themselves? For these are strange stories of the uncanny, the irrational and the spine-chillingly frightening, where horrors abound and the dark depths of the human psyche is unearthed. A chilling portmanteau. I could feel the hairs on the back of my neck prickling. The perfect combination of horror and Warhammer 40,000.’ Paul Kane – bestselling and award-winning author of Sherlock Holmes and the Servants of Hell and Before

*Death in Medieval Europe* Joelle Rollo-Koster 2016-10-04 Death in Medieval Europe: Death Scripted and Death Choreographed explores new cultural research into death and funeral practices in medieval Europe and demonstrates the important relationship between death and the world of the living in the Middle Ages. Across ten chapters, the articles in this volume survey the cultural effects of death. This volume explores overarching topics such as burials, commemorations, revenants, mourning practices and funerals, capital punishment, suspicious death, and death registrations using case studies from across Europe including England, Iceland, and Spain. Together these chapters discuss how death was ritualised and choreographed, but also how it was expressed in writing throughout various documentary sources including wills and death registries. In each instance, records are analysed through a cultural framework to better understand the importance of the authors of death and their audience. Drawing together and building upon the latest scholarship, this book is essential reading for all students and academics of death in the medieval period.
